The Company and its Business

Company Overview

The company owns and produces WINGDING brand ready-to-drink cocktails in single-serving pouches. With 12% alcohol, natural ingredients and distinctive packaging, WINGDING cocktails are uniquely positioned in the market as the premium wine-based cocktail in a pouch. WINGDING cocktails fill the need for convenient quality cocktails on the go, which makes them perfect for beaches, boating, golfing, biking, fishing, tailgating, parks, and more. WINGDINGs are currently sold in Florida.

Competitors and Industry

The primary competition for the Company’s products is other RTD cocktails in a pouch. The segment is dominated by Daily’s pouches. Daily’s and the handful of other brands available in this category have lower alcohol content, generally in the 5-6% alcohol range, and all have similar looking designs. WINGDING cocktails offer a more bar-like experience at 12% alcohol and the uniquely shaped pouch comes with an attached straw and recloseable straw hole tab for convenience on the go.

Current Stage and Roadmap

We are currently in the growth and development stage. The company is manufacturing and selling product in a limited market. The business is generating revenue from repeat customers. The company is not yet profitable at the current volume of sales. Sales volumes are expected to increase dramatically as new distributors are picked up. A large distributor has made a commitment to purchase and sell WINGDING cocktails in Texas starting early 2019. The same distributor also has operations in California and Florida.

**Risk Factors**

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

**Uncertain Risk**

An investment in the Company (also referred to as “we”, “us”, “our”, or “Company”)
involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any of the Class B Units should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should consider all of the information provided to such potential investor regarding the Company as well as the following risk factors, in addition to the other information listed in the Company’s Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial and other risks inherent in the investment in the Company.

**Our business projections are only projections**
There can be no assurance that the Company will meet our projections. There can be no assurance that the Company will be able to find sufficient demand for our product, that people think it’s a better option than a competing product, or that we will be able to provide the service at a level that allows the Company to make a profit and still attract business.

**Any valuation at this stage is difficult to assess**
The valuation for the offering was established by the Company. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess and you may risk overpaying for your investment.

**The transferability of the Securities you are buying is limited**
Any Class B Units purchased through this crowdfunding campaign is subject to SEC limitations of transfer. This means that the stock/note that you purchase cannot be resold for a period of one year. The exception to this rule is if you are transferring the stock back to the Company, to an “accredited investor,” as part of an offering registered with the Commission, to a member of your family, trust created for the benefit of your family, or in connection with your death or divorce.

**Your investment could be illiquid for a long time**
You should be prepared to hold this investment for several years or longer. For the 12 months following your investment there will be restrictions on how you can resell the securities you receive. More importantly, there is no established market for these securities and there may never be one. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the alcoholic beverage industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

**If the Company cannot raise sufficient funds it will not succeed**
The Company is offering Class B Units in the amount of up to $107,000.00 in this offering, and may close on any investments that are made. Even if the maximum amount is raised, the Company is likely to need additional funds in the future in order to grow, and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds, sought, it will have to
find other sources of funding for some of the plans outlined in “Use of Proceeds.”

*We may not have enough capital as needed and may be required to raise more capital.*
We anticipate needing access to credit in order to support our working capital requirements as we grow. Although interest rates are low, it is still a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our equity below its current price. If so, your investment could lose value as a result of this additional dilution. In addition, even if the equity is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. In that case, the only asset remaining to generate a return on your investment could be our intellectual property. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

*Management Discretion as to Use of Proceeds*
Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this Offering. The use of proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

*Projections: Forward Looking Information*
Any projections or forward looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management’s best estimate of the probable results of our operations and will not have been reviewed by our independent accountants. These projections will be based on assumptions which management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management’s control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

*Minority Holder; Securities with No Voting Rights*
The Class B Units that an investor is buying has no voting rights attached to them. This means that you will have no rights in dictating on how the Company will be run. You are trusting in management discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our company, you will only be paid out if there is any cash remaining after all of the creditors of our company have been paid out.

*You are trusting that management will make the best decision for the company*
You are trusting in management discretion. You are buying non-voting membership
interest as a minority holder, and therefore must trust the management of the Company to make good business decisions that grow your investment.

**Insufficient Funds**
The company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it will cease operating and you will get nothing. Even if we sell all the common stock we are offering now, the Company will (possibly) need to raise more funds in the future, and if it can’t get them, we will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the company being worth less, because later investors might get better terms.

**Our new product could fail to achieve the sales projections we expected**
Our growth projections are based on an assumption that with an increased advertising and marketing budget our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

**We face significant market competition**
We will compete with larger, established companies who currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

**We are an early stage company and have not yet generated any profits**
Festive Beverages, LLC was formed on January 14, 2015. Accordingly, the Company has a limited history upon which an evaluation of its performance and future prospects can be made. Our current and proposed operations are subject to all business risks associated with new enterprises. These include likely fluctuations in operating results as the Company reacts to developments in its market, managing its growth and the entry of competitors into the market. We will only be able to pay distributions on any shares once our directors determine that we are financially able to do so. Festive Beverages, LLC has incurred a net loss and has had limited revenues generated since inception. There is no assurance that we will be profitable in the next 3 years or generate sufficient revenues to pay distributions to the holders of the shares.

**The cost of enforcing our trademarks and copyrights could prevent us from enforcing them**
Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights,
we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business

To be successful, the Company requires capable people to run its day to day operations. As the Company grows, it will need to attract and hire additional employees in sales, marketing, design, development, operations, finance, legal, human resources and other areas. Depending on the economic environment and the Company’s performance, we may not be able to locate or attract qualified individuals for such positions when we need them. We may also make hiring mistakes, which can be costly in terms of resources spent in recruiting, hiring and investing in the incorrect individual and in the time delay in locating the right employee fit. If we are unable to attract, hire and retain the right talent or make too many hiring mistakes, it is likely our business will suffer from not having the right employees in the right positions at the right time. This would likely adversely impact the value of your investment.

Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time

Our ability to sell product is dependent on the outside government regulation such as the FDA (Food and Drug Administration), FTC (Federal Trade Commission) and other relevant government laws and regulations. The laws and regulations concerning the selling of product may be subject to change and if they do then the selling of product may no longer be in the best interest of the Company. At such point the Company may no longer want to sell product and therefore your investment in the Company may be affected.

We rely on third parties to provide services essential to the success of our business

We rely on third parties to provide a variety of essential business functions for us, including manufacturing, shipping, accounting, legal work, public relations, advertising, retailing, and distribution. It is possible that some of these third parties will fail to perform their services or will perform them in an unacceptable manner. It is possible that we will experience delays, defects, errors, or other problems with their work that will materially impact our operations and we may have little or no recourse to recover damages for these losses. A disruption in these key or other suppliers’ operations could materially and adversely affect our business. As a result, your investment could be adversely impacted by our reliance on third parties and their performance.
Rolling Closes
This offering involves “rolling closings,” which may mean that earlier investors may not have the benefit of information that later investors have. Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our unitholders. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies’ businesses, plans or prospects, sometimes on short notice. When such changes happen during the course of an offering, we must file an amended Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our unitholders and will have no such right.

*Material Rights*
The Class A Voting Members determine the amount and timing of all distributions. Distributions are in proportion to Member's Percentage Ownership Interest. Upon liquidation all assets after payment of liabilities are distributed to Members in proportion to their Capital Account balances. Membership Units are subject to a restriction on transfer with first right of refusal first to the Company and second to the Voting Members. What it means to be a minority holder

As a minority holder of Class B Nonvoting Units of the company, you will have limited rights in regards to the company actions of the company, including additional issuances of securities, company repurchases of securities, a sale of the company or its significant assets, or company transactions with related parties. Further, investors in this offering may have rights less than those of other investors, and will have limited influence on the company actions of the company.

Dilution

Investors should understand the potential for dilution. The investor’s stake in a company could be diluted due to the company issuing additional units. In other words, when the company issues more units, the percentage of the company that you own will go down, even though the value of the company may go up. You will own a smaller piece of a larger company. This increase in number of units outstanding could result from a unit offering (such as an initial public offering, another crowdfunding round, a venture capital round, angel investment), employees exercising unit options, or by conversion of certain instruments (e.g. convertible bonds, preferred units or warrants) into units.

If the company decides to issue more units, an investor could experience value dilution, with each unit being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per unit (though this typically occurs only if the company offers distributions, and most early stage companies are unlikely to offer distributions, preferring to invest any earnings into the company).

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or

Financial Condition and Results of Operations

Financial Condition

You should read the following discussion and analysis of our financial condition and results of our operations together with our financial statements and related notes appearing at the end of this Offering Memorandum. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled “Risk Factors” and elsewhere in this Offering Memorandum.

Results of Operations

Circumstances which led to the performance of financial statements:
From 2017 to 2018: Sales increased 53% due to expansion in the market; Cost of Goods Sold decreased due to higher production rates; Operating expenses decreased 15% resulting from lower marketing and website costs. Net income improved by 21% but was still negative due to the relatively small market share and high production costs from small volumes.

Historical results and cash flows:
Historical results and cash flows are not representative of what investors should expect in the future because the company is in the proof of concept stage whereby it is selling product in a limited market to show it has a high level of success when offered into regional and national markets. The Company anticipates operating results and cash flows to grow significantly as the Company expands operations.

Liquidity and Capital Resources

What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...) Cash on hand of about $18,000, credit card available credit of about $38,000, and shareholder loans as needed to sustain operations.

How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)
The funds of this campaign are important to the Company for expansion and profitability. Without these funds the Company can continue to operate and slowly improve sales but will take considerably longer to achieve profitability and growth.

**Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)**
The funds from this campaign are necessary to meet the anticipated demand from new business. The Company will need to produce larger quantities of inventory and ramp up operations in order to meet projected sales volumes.

**How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?**
The Company can operate for approximately 3 months if only the minimum is raised based on current overhead expenses.

**How long will you be able to operate the company if you raise your maximum funding goal?**
The Company expects to operate for approximately 12 months if the the maximum funding goal is raised.

**Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc...)**
Additional sources of capital is available in the form of Member loans and contemplated future capital raises.

**Indebtedness**

- **Creditor:** Valley National Bank  
  **Amount Owed:** $212,941.00  
  **Interest Rate:** 8.0%  
  **Maturity Date:** June 09, 2023  
  The interest rate is the Prime Rate plus 2.75% adjusted quarterly. The Company Founders/Initial Members are guarantors on the debt.

**Related Party Transactions**
The Company has not conducted any related party transactions

**Valuation**

**Pre-Money Valuation:** $3,250,000.00

**Valuation Details:** We determined our valuation based upon various angel investor
and venture capital methodologies. Primarily, we took an estimated terminal value in approximately 5 years to be $43,200,000 based on internal projections using industry standard sale multiple of 2x revenue and assuming $1,070,000 capital investment. Using an expected ROI of 10x, the post-money valuation equals $4,320,000. After subtracting the capital investment the pre-money valuation equals $3,250,000.

Use of Proceeds

If we raise the Target Offering Amount of $10,000.00 we plan to use these proceeds as follows:

- **StartEngine Platform Fees**
  6.0%

- **Inventory**
  94.0%
  Our goal is to build inventory in preparation of significant sales demand from distributors starting early 2019.

If we raise the over allotment amount of $107,000.00, we plan to use these proceeds as follows:

- **StartEngine Platform Fees**
  6.0%

- **Operations**
  39.0%
  Operations will consist of hiring support staff and purchasing office equipment such as additional computers, phones, printers, etc.

- **Marketing**
  9.0%
  Marketing will include tasting events, point of sale merchandising, event sponsorship and/or branded merchandise giveaways.

- **Inventory**
  46.0%
  Inventory is to purchase minimum quantities of pouches, cases, and ingredients to attain best available pricing and meet anticipated demand to avoid back orders and delays. The minimum required works out to about 50,000 pouches for all the 5 flavors.

The Company may change the intended use of proceeds if our officers believe it is in the best interests of the company.

**Regulatory Information**

**Disqualification**
No disqualifying event has been recorded in respect to the company or its officers or directors.

**Compliance Failure**

The company has not previously failed to comply with the requirements of Regulation Crowdfunding.

**Ongoing Reporting**

The Company will file a report electronically with the SEC annually and post the report on its website no later than April 29 (120 days after Fiscal Year End). Once posted, the annual report may be found on the Company’s website at www.wingdingcocktails.com (www.wingdingcocktails.com/annualreport).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amount of expenses during the reporting periods. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Fair Value of Financial Instruments
Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 - Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2018 and 2017. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values.

Cash and Cash Equivalents
For purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.
Revenue Recognition
The Company will recognize revenues from sales of product to beverage distributors when (a) persuasive evidence that an agreement exists; (b) the service has been performed; (c) the prices are fixed and determinable and not subject to refund or adjustment; and (d) collection of the amounts due is reasonably assured.

Income Taxes
The Company is taxed as a Limited Liability Company (LLC). Under these provisions, the Company does not pay federal or state income taxes on its taxable income. Instead, the shareholders are liable for individual federal and state income taxes on their respective shares of the Company’s taxable income. The Company has not yet filed a tax return for 2018 and therefore is not yet subject to tax examination by the Internal Revenue Service (IRS) or state regulatory agencies for the period ending December 31, 2018. The Company has filed tax returns for the years 2013 through 2017, and the Company has no knowledge of any examination by the IRS or state regulatory agencies for those periods.

Concentration of Credit Risk
The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to $250,000. At times, the Company may maintain balances in excess of the federally insured limits.

NOTE 3 – DEBT

The Perks

“All perks occur after the offering is completed

The Industry: Steady Growth and Surging Demand

“The wine and spirits industry has experienced steady growth over the last ten years. The spirits segment volume has been growing at a CAGR of 1.8% over the last 10 years while revenues outpace this growth with a CAGR of 3.3%. The wine segment has been growing steadily at a CAGR of 3.4% over the last ten years in revenues and a CAGR of 2.2% in volume.”

We believe the RTD category of alcoholic beverages is experiencing unprecedented growth at every level in the US and globally in wine, spirit and malt-based products. According to Nielsen, 12 percent of alcoholic beverage buyers purchased a pouch product in the past year, twice the number of people who had tried one in the previous year. Customers in that study typically ranged in age from 35 to 54. Major national retailers, such as Walmart, Super-Valu, Kroger, HEB and Total Wine & More have committed substantial shelf and refrigeration space to a new and successful entry in a stand-up pouch with a wine-based RTD beverage produced by Daily's.

Ready to drink cocktails are emphasizing lifestyle as much as convenience. “You have a convenience trend happening, you have a lifestyle thing happening, and then you have this can phenomenon,” says Kevin Roberts, the executive vice president of supplier engagement for the alcohol distributor Breakthru Beverage Group, based in the U.S. and Canada. “You put those three together, and then you top it off with a consumer that’s blending and bleeding into other categories, and it’s a very exciting time for prepared cocktails. We’re definitely seeing the consumer move to more premium prepared cocktail solutions.”

WingDing in a Nutshell

*wingding (n.): a wild, lively, or lavish party*

We are FUN, EASY, and So Delicious!

The package is environmentally responsible, as it significantly reduces the ratio of packaging material to product (in comparison to glass or paperboard containers). In addition, the pouch has a very low carbon footprint (less energy to produce) and is over 90% lighter than glass making it the most efficient in transportation and storage. Pouches can also be frozen with no risk of the package exploding.

Unique selling propositions include:

- Natural flavors with no preservatives or artificial sweeteners
- 12% alcohol by volume (for bar-like experience)
- Only a wine license needed for retail
- Unique straw hole with reclosable tab and an attached straw
- No cup needed, so truly portable and great for beaches, boating, golfing, biking, fishing, parks and more
- Mouth-watering graphics designed to “pop” off the shelves

Our Business Plan

Currently, our company is producing and selling WingDing pouches in a limited market in Florida through 2 small distributors and self-distribution. To date, the company has sold over 30,000 pouches, or 1,260 cases, and generated over $47,000 in revenue in 2 years. The business is generating revenue from repeat customers, and it’s time to grow! A large distributor has made a verbal commitment to purchase and sell WingDings in Texas starting early 2019. The same distributor also has operations in California and Florida. This means our sales volumes are expected to increase dramatically.

Why We Succeed: With 12% alcohol, natural ingredients and distinctive packaging, WingDing cocktails are uniquely positioned in the market as the premium RTD wine based cocktail in a pouch. WingDing cocktails fill the need for convenient quality cocktails on the go, which makes them perfect for beaches, boating, golfing, biking, fishing, parks and more. In fact, WingDings were featured at a Universal Studios Hollywood marketing event so the guests could drink cocktails while riding the tram. We have a proven track record with approximately 50 retailers and have developed many faithful fans of the product. We are looking to expand nationally and have generating interest from a number of regional and national distributors that will acquire inventories of the WingDing products.

Your Investment

Festive Beverages is raising up to to $107,000 for the expansion of WingDing, our alcoholic beverage brand in the ready-to-drink alcoholic beverage space. Funds will be used to build an inventory reserve, marketing & sales programs, secure major distribution, scale operations and staffing, and develop new product lines.

The funds will be used for the following:

- Capital to purchase ingredients and packaging and production of sufficient inventories of the specialty beverages; and
Funds to grow the business by increasing production and expanding distribution, marketing, sales and administration.

VIDEO TRANSCRIPT

Julie Powell, Founder and EVP of Festive Beverages, LLC The concept for WINGDINGs started when we were at a tailgate party and they were making margaritas. There were all these ingredients, a blender, a generator...it was loud and messy.

Andy Powell, Founder and CEO of Festive Beverages, LLC At the time, I was working with a company that made juice pouches for kids. So seeing the issues with the margarita at the tailgate, we had this ah-ha moment when we both realized ... wouldn’t it be great to have an adult version of a the pouch with a cocktail inside? No blender, no noise, no mess!

Julie Powell A pouch cocktail makes a lot of sense; it’s very convenient and portable, so its great for tailgating, beaches, boating, and all kinds of activities.

Andy Powell As we researched the concept, we discovered that the wine and spirits industry does over $100 billion in sales annually in the U.S., and the ready-to-drink beverage category is undergoing explosive growth.

Julie Powell The trend is more and more adults are reaching for wine and cocktails over beer, and Millennials tend to prefer ready-to-drink cocktails.

Andy Powell So utilizing my experience and relationships in the juice pouch business, we set out to make a cocktail in a pouch. Our team put a lot of thought and work into developing a premium product.

Julie Powell For example, the pouch was designed with an attractive, sleek shape that fits nicely in the hand. And our graphics really pop. The result was so good that we even won an international award for Best Packaging Design.

Andy Powell Also, to be truly portable, our pouch has a unique re-closeable straw hole and a custom telescopic straw attached. So you can drink right from the pouch, no need for a cup.

Julie Powell As a premium cocktail, the ingredients had to be natural with no artificial sweeteners or preservatives.

Andy Powell And we decided on 12% alcohol by volume to provide a bar-like cocktail experience. Another benefit is that when put in the freezer it turns into a slushy drink, as opposed to a flavored lump of ice.

Julie Powell To get the flavor just right, we tasted lots of samples. And had fun doing it.

Andy Powell For variety, we came up with 5 delicious flavors: Margarita, Long Island Iced Tea, Electric Lemonade, Strawberry Daiquiri and Strawberry Colada. Something for everyone.

Julie Powell Finding a unique name for the product was a challenge. Our team came up with the name WINGDING and we loved it, the name really fit. And WINGDING literally means a lively or lavish party.
Andy Powell The next step was to sell WINGDINGs in a test market for proof of concept. We started selling WINGDINGs in early 2017 here in our home state of Florida. You can now find WINGDINGs throughout the Tampa Bay area, from Clearwater Beach to Kasey Key in Sarasota.

Julie Powell Customers absolutely love WINGDINGs. And so do the stores; they have provided us excellent feedback and are consistently reordering.

Andy Powell We receive lots of emails from people that have enjoyed WINGDINGs and want to know if they are available near their home towns. Here’s an example: This one is from California where we were featured in a Universal Studios Hollywood marketing event so the guests could drink cocktails while riding the tram. Christina C. wrote: I tried your Strawberry Colada at an event last night and I really enjoyed it. WINGDINGs were a huge hit among the group. Wanted to find out if you are selling this anywhere in Southern California.

Julie Powell The time has come to expand distribution to other states such as Texas, California and Colorado, with nationwide distribution not far behind. In fact, a large Texas distributor has already committed to adding WINGDINGs to its offerings starting in the Spring.

Andy Powell The opportunity is knocking, but we need your support so that we can take our operations to the next level. Come join us as we expand and let’s grow our brand together.
STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 6-8% (six to eight percent) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of a closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions and rights as the securities being offered and sold by the issuer on StartEngine Capital’s website.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.
- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be cancelled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50% and 100% of the funding goal. If the issuer hits its goal early, and the minimum offering period of 21 days has been met, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before new deadline.
- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach $1.07M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer.
- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.
- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its
target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

**Minimum and Maximum Investment Amounts**

- In order to invest, to commit to an investment or to communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non-personal information including information related to income, net worth, and other investments.
- **Investor Limitations:** Investors are limited in how much they can invest on all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than $107,000, then during any 12-month period, they can invest up to the greater of either $2,200 or 5% of the lesser of their annual income or net worth. If both their annual income and net worth are equal to or more than $107,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is less, but their investments cannot exceed $107,000.

or additional capital contributions.

Subsequent to the second year after the Issue Date, a Member may voluntarily resign his or her membership and shall be entitled to receive from the Company the fair market value of his or her Ownership Interest, adjusted for profits and losses to the date of resignation. Fair market value may be determined informally by unanimous agreement of all of the Voting Members, including the resigning Member. In the absence of an informal agreement as to fair market value, the Voting Members shall hire an appraiser to determine fair market value. The cost of any appraisal shall be deducted from the fair market value to which the resigning Member is entitled. The Voting Members may elect, by written notice that is provided to the resigning Member within thirty (30) days after the resignation date, for the Company to purchase the resigning Member’s Interest (whether the interest is being purchased at book value or fair market value) in four (4) equal annual installments, with the first installment being due sixty (60) days after the Member’s resignation.

8.2 Death of a Member. Upon the death of a Member, the Member’s estate or beneficiary or beneficiaries, as the case may be, shall be entitled to receive from the Company, in exchange for all of the deceased Member’s Ownership Interest, the fair market value of the deceased Member’s Ownership Interest, adjusted for profits and losses to the date of death. Fair market value may be determined informally by a unanimous good-faith agreement of all of the Voting Members. In the absence of an informal agreement as to fair market value, the Voting Members shall hire an appraiser to determine fair market value. The cost of any appraisal shall be deducted from the fair market value to which the deceased Member’s estate or beneficiary or beneficiaries is or are entitled. The Voting Members may elect, by written notice that is provided to the deceased Member’s estate or beneficiary or beneficiaries, within thirty (30) days after the Member’s death, to purchase the deceased Member’s Ownership Interest over a one-year (1 year) period, in four (4) equal installments, with the first installment being due sixty (60) days after the Member’s date of death. Unless otherwise agreed unanimously by the Voting Members, prior to the completion of such purchase, the Member’s estate or beneficiary or beneficiaries, shall have no right to become a Member or to participate in the management of the business and affairs of the Company as a Member or Manager, and shall only have the rights of an Assignee and be entitled only to receive the share of profits and the return of capital to which the deceased Member would otherwise have been entitled. The Company, or the Voting Members, in its or their discretion, may purchase insurance on the lives of any of the Members, with the company or the purchasing Member named as the beneficiary, as the purchaser may decide, and use all or any of the proceeds from such insurance as a source of proceeds from which the deceased Member’s Membership Ownership Interest may be purchased by the Company.

8.3 Restrictions on Transfer. Except (i) as otherwise provided in this Article or (ii) upon the unanimous consent of all of the Voting Members, no Member shall sell, hypothecate, pledge, assign or otherwise transfer, with or without consideration, any part or all of his or her Ownership Interest in the Company to any other person or entity (a “Transferee”), without first offering (the “Offer”) that portion of his or her Ownership Interest in the Company subject to the contemplated transfer (the “Offered Interest”) first to the Company, and secondly, to the Voting Members, at the
purchase price (hereinafter referred to as the “Transfer Purchase Price”) and in the manner as prescribed in the Offer.

The Offering Member shall make the Offer first to the Company by written notice (hereinafter referred to as the “Offering Notice”). Within twenty (20) days (the “Company Offer Period”) after receipt by the Company of the Offering Notice, the Company shall notify the Offering Member in writing (the “Company Notice”), whether or not the Company shall accept the Offer and shall purchase all but not less than all of the Offered Interest. If the Company accepts the Offer to purchase the Offered Interest, the Company Notice shall fix a closing date not more than twenty-five (25) days (the “Company Closing Date”) after the expiration of the Company Offer Period.

In the event the Company decides not to accept the Offer, the Offering Member or the Company, at his or her or its election, shall, by written notice (the “Remaining Member Notice”) given within that period (the “Member Offer Period”) terminating ten (10) days after the expiration of the Company Offer Period, make the Offer of the Offered Interest to the Voting Members, each of whom shall then have a period of twenty-five (25) days (the “Member Acceptance Period”) after the expiration of the Member Offer Period within which to notify in writing the Offering Member whether or not he or she intends to purchase all but not less than all of the Offered Interest. If two (2) or more Voting Members of the Company desire to accept the Offer to purchase the Offered Interest, then, in the absence of an agreement between them, such Voting Members shall have the right to purchase the Offered Interest in proportion to their respective Percentage Voting Interests. If the Voting Members intend to accept the Offer and to purchase the Offered Interest, the written notice required to be given by them shall fix a closing date not more than sixty (60) days after the expiration of the Member Acceptance Period (hereinafter referred to as the “Member Closing Date”).

The aggregate dollar amount of the Transfer Purchase Price shall be payable in cash on the Company Closing Date or on the Member Closing Date, as the case may be, unless the Company or the purchasing Voting Members shall elect by written notice that is delivered to the Offering Member, prior to or on the Company Closing Date or the Member Closing Date, as the case may be, to purchase such Offered Interest in four (4) equal annual installments, with the first installment being due on the Closing Date.

If the Company or the Voting Members fail to accept the Offer or, if the Offer is accepted by the Company or the Voting Members and the Company or the Voting Members fail to purchase all of the Offered Interest at the Transfer Purchase Price within the time and in the manner specified, then the Offering Member shall be free, for a period (hereinafter referred to as the “Free Transfer Period”) of sixty (60) days from the occurrence of such failure, to transfer the Offered Interest to a Transferee; provided, however, that if all of the Voting Members other than the Offering Member do not approve of the proposed transfer by unanimous written consent, the Transferee of the Offered Interest shall have no right to become a Member or to participate in the management of the business and affairs of the Company as a Member or Manager, and shall only have the rights of an Assignee and be entitled to receive the share of profits and the return of capital to which the Offering Member would otherwise have been entitled. A Transferee shall be admitted as a Member of the Company, and as a result of which he or she shall become a substituted Member, with the rights that are consistent with the Membership Interest that was transferred, only if such new Member (i) is approved unanimously by the Voting Members; (ii) delivers to the Company his or
her required capital contribution; (iii) agrees in writing to be bound by the terms of this Agreement by becoming a party hereto.

If the Offering Member shall not transfer the Offered Interest within the Free Transfer Period, his or her right to transfer the Offered Interest free of the foregoing restrictions shall thereupon cease and terminate.

8.4 Involuntary Transfer of a Membership Interest. A creditor's charging order or lien on a Member's Membership Interest, bankruptcy of a Member, dissolution of a Member, or other involuntary transfer of Member's Membership Interest, shall constitute a material breach of this Agreement by such Member. The creditor, transferee or other claimant, shall only have the rights of an Assignee, and shall have no right to become a Member, or to participate in the management of the business and affairs of the Company as a Member or Manager under any circumstances, and shall be entitled only to receive the share of profits and losses, and the return of capital, to which the Member would otherwise have been entitled. The Voting Members, including a Voting Member whose interest is the subject of the charging order, lien, bankruptcy, or involuntary transfer, may unanimously elect, by written notice that is provided to the creditor, transferee or other claimant, at any time, to purchase all or any part of Membership Interest that was the subject of the creditor's charging order, lien, bankruptcy, or other involuntary transfer, at a price that is equal to one-half (1/2) of the book value of such interest, adjusted for profits and losses to the date of purchase. The Members agree that such valuation is a good-faith attempt at fixing the value of the interest, after taking into account that the interest does not include all of the rights of a Member or Manager, and after deducting damages that are due to the material breach of this Agreement.

ARTICLE IX

ACCOUNTING, RECORDS AND REPORTING

9.1 Books and Records. The Company shall maintain complete and accurate accounts in proper books of all transactions of or on behalf of the Company and shall enter or cause to be entered therein a full and accurate account of all transactions on behalf of the Company. The Company’s books and accounting records shall be kept in accordance with such accounting principles (which shall be consistently applied throughout each accounting period) as the Voting Members may determine to be convenient and advisable. The Company shall maintain at its principal office all of the following:

A current list of the full name and last known business or residence address of each Member in the Company set forth in alphabetical order, together with, for each Member, the Class A Voting Capital account and Class B Nonvoting Capital account, including entries to these accounts for contributions and distributions; the Ownership Interest, Percentage Ownership and Voting Interests; a copy of the Articles and any and all amendments thereto together with executed copies of any powers of attorney pursuant to which the Articles or any amendments thereto have been executed; copies of the Company’s federal, state and local income tax or information returns and reports, if any, for the six most recent taxable years; a copy of this Agreement and any and all amendments hereto together with executed copies of any powers of attorney pursuant to which this Agreement or any amendments thereto have been executed; copies of the financial statements of the Company, if any, for the six most recent Fiscal Years; the Company’s books and records as
they relate to the internal affairs of the Company for at least the current and past four Fiscal Years; true and full information regarding the status of the business and financial condition of the Company; and true and full information regarding the amount of cash and a description and statement of the agreed value of any other property or services contributed by each Member and which each Member has agreed to contribute in the future, and the date on which each became a Member.

9.2 Inspection of Books and Records. Each Member has the right, on reasonable request for purposes reasonably related to the interest of the person as a Member to: (a) inspect and copy during normal business hours any of the Company’s records described in Section 9.1; and (b) obtain from the Company promptly after their becoming available a copy of the Company’s federal, state and local income tax or information returns for each Fiscal Year.

9.3 Accountings. As soon as is reasonably practicable after the close of each Fiscal Year, the Managers shall make or cause to be made a full and accurate accounting of the affairs of the Company as of the close of that Fiscal Year and shall prepare or cause to be prepared a balance sheet as of the end of such Fiscal Year, a profit and loss statement for that Fiscal Year and a statement of Members’ equity showing the respective Capital Accounts of the Members as of the close of such Fiscal Year and the distributions, if any, to Members during such Fiscal Year, and any other statements and information necessary for a complete and fair presentation of the financial condition of the Company, all of which the Manager shall furnish to each Member. In addition, the Company shall furnish to each Member information regarding the Company necessary for such Member to complete such Member’s federal and state income tax returns. The Company shall also furnish a copy of the Company’s tax returns to any Member requesting the same. On such accounting being made, profits and losses during such Fiscal Year shall be ascertained and credited or debited, as the case may be, in the books of account of the Company to the respective Members as herein provided.

9.4 Filings. The Managers, at the Company’s expense, shall cause the income tax returns for the Company to be prepared and timely filed with the appropriate authorities. The Managers, at the Company’s expense, shall also cause to be prepared and timely filed with appropriate federal and state regulatory and administrative bodies amendments to, or restatements of, the Articles and all reports required to be filed by the Company with those entities under the Act or other then current applicable laws, rules, and regulations. If the Company is required by the Act to execute or file any document and fails, after demand, to do so within a reasonable period of time or refuses to do so, any Member may prepare, execute and file that document with the Florida Secretary of State.

9.5 Bank Accounts. The Company shall maintain its funds in one or more separate bank accounts in the name of the Company, and shall not permit the funds of the Company to be co-mingled in any fashion with the funds of any other Person.

9.6 Tax Matters Partner. The Voting Members may, in their exclusive discretion, appoint, remove and replace a Tax Matters Partner at any time or times. The Voting Members shall from time to time cause the Company to make such tax elections as they deem to be in the interests of the Company and the Members generally. The Tax Matters Partner, as defined in Internal Revenue Code Section 6231, shall represent the Company (at the Company’s expense) in connection with
all examinations of the Company’s affairs by tax authorities, including resulting judicial and administrative proceedings, and shall expend the Company funds for professional services and costs associated therewith.

ARTICLE X

DISSOLUTION AND WINDING UP

10.1 Dissolution. The Company shall be dissolved, its assets shall be disposed of, and its affairs wound up on the first to occur of: the entry of a decree of judicial dissolution pursuant to the Act; or the unanimous approval of the Voting Members.

10.2 Winding Up. On the occurrence of an event specified in Section 10.1, the Company shall continue solely for the purpose of winding up its affairs in an orderly manner, liquidating its assets and satisfying the claims of its creditors. The Voting Members shall be responsible for overseeing the winding up and liquidation of Company, shall take full account of the assets and liabilities of Company, shall cause such assets to be sold or distributed, and shall cause the proceeds therefrom, to the extent sufficient therefor, to be applied and distributed as provided in this Agreement. The Voting Members shall give written notice of the commencement of winding up by mail to all known creditors and claimants whose addresses appear on the records of the Company. The Members shall be entitled to reasonable compensation for such services.

10.3 Distributions in Kind. Any noncash assets distributed to the Members shall first be valued at their fair market value to determine the profit or loss that would have resulted if such assets were sold for such value. Such profit or loss shall then be allocated pursuant to this Agreement, and the Members’ Capital Accounts shall be adjusted to reflect such allocations. The amount distributed and charged against the Capital Account of each Member receiving an interest in a distributed asset shall be the fair market value of such interest (net of any liability secured by such asset that such Member assumes or takes subject to). The fair market value of such asset shall be determined by the Voting Members, or if any Voting Member objects, by an independent appraiser (and any such appraiser must be recognized as an expert in valuing the type of asset involved) selected by a Majority of the Voting Members.

10.4 Order of Payment of Liabilities on Dissolution. After a determination that all known debts and liabilities of the Company in the process of winding up, including, without limitation, debts and liabilities to Members who are creditors of the Company, have been paid or adequately provided for, the remaining assets shall be distributed to the Members in proportion to their positive Capital Account balances, after taking into account profit and loss allocations for the Company’s taxable year during which liquidation occurs.

10.5 Adequacy of Payment. The payment of a debt or liability, whether the whereabouts of the creditor is known or unknown, shall have been adequately provided for if payment thereof shall have been assumed or guaranteed in good faith by one or more financially responsible Persons or by the United States government or any agency thereof, and the provision, including the financial responsibility of the Person, was determined in good faith and with reasonable care by the Members to be adequate at the time of any distribution of the assets pursuant to this Section. This
Section shall not prescribe the exclusive means of making adequate provision for debts and liabilities.

10.6 Compliance with Regulations. All payments to the Members on the winding up and dissolution of Company shall be strictly in accordance with the positive capital account balance limitation and other requirements of Regulations Section 1.704-1(b)(2)(ii)(d), as the voting Members deem appropriate.

10.7 Limitations on Payments Made in Dissolution. Except as otherwise specifically provided in this Agreement, each Member shall only be entitled to look solely to the assets of the Company for the return of such Member’s positive Capital Account balance and shall have no recourse for such Member’s Capital Contribution or share of profits (on dissolution or otherwise) against any other Member.

10.8 Articles of Dissolution. The Voting Members conducting the winding up of the affairs of the Company shall cause to be filed in the office of, and on a form prescribed by the Florida Secretary of State, Articles of Dissolution for the completion of the winding up of the affairs of the Company.

ARTICLE XI
EXCULPATION AND INDEMNIFICATION

11.1 Exculpation of Members. No Member shall be liable to the Company or to the other Members for damages or otherwise with respect to any actions taken or not taken in good faith and reasonably believed by such Member to be in or not opposed to the best interests of the Company, except to the extent any related loss results from fraud, gross negligence or willful or wanton misconduct on the part of such Member or the material breach of any obligation under this Agreement or of the fiduciary duties owed to the Company or the other Members by such Member.

11.2 Indemnification by Company. The Company shall indemnify, hold harmless and defend the Members, in their capacity as Members, Managers, or Officers, from and against any loss, expense, damage or injury suffered or sustained by them by reason of any acts or omissions arising out of their activities on behalf of the Company or in furtherance of the interests of the Company, including but not limited to any judgment, award, settlement, reasonable attorneys’ fees and other costs or expenses incurred in connection with the defense of any actual or threatened action, proceeding or claim, if the acts or omissions were not performed or omitted fraudulently or as a result of gross negligence or willful misconduct by the indemnified party. Reasonable expenses incurred by the indemnified party in connection with any such proceeding relating to the foregoing matters may be paid or reimbursed by the Company in advance of the final disposition of such proceeding upon receipt by the Company of (i) written affirmation by the Person requesting indemnification of its good-faith belief that it has met the standard of conduct necessary for indemnification by the Company and (ii) a written undertaking by or on behalf of such Person to repay such amount if it shall ultimately be determined by a court of competent jurisdiction that such Person has not met such standard of conduct, which undertaking shall be an unlimited general obligation of the indemnified party but need not be secured.
11.3 Insurance. The Company shall have the power to purchase and maintain insurance on behalf of any Person who is or was a Member or an agent of the Company against any liability asserted against such Person and incurred by such Person in any such capacity, or arising out of such Person's status as a Member or an agent of the Company, whether or not the Company would have the power to indemnify such Person against such liability under Section 11.2 or under applicable law.

11.4 Indemnification by the Members. Each Member hereby agrees to indemnify and defend the Company, the other Members and each of their respective employees, agents, partners, members, shareholders, officers and directors and hold them harmless from and against any and all claims, liabilities, damages, costs and expenses (including, without limitation, court costs and attorneys' fees and expenses) suffered or incurred on account of or arising out of any breach of this Agreement by that Member.

ARTICLE XII

DISPUTE RESOLUTION

12.1 Disputes Among Members. The Members agree that in the event of any dispute or disagreement solely between or among any of them arising out of, relating to or in connection with this Agreement or the Company or its organization, formation, business or management (“Member Dispute”), the Members shall use their best efforts to resolve any dispute arising out of or in connection with this Agreement by good-faith negotiation and mutual agreement. The Members shall meet at a mutually convenient time and place to attempt to resolve any such dispute.

However, in the event that the Members are unable to resolve any Member Dispute, such parties shall first attempt to settle such dispute through a non-binding mediation proceeding. In the event any party to such mediation proceeding is not satisfied with the results thereof, then any unresolved disputes shall be finally settled in accordance with an arbitration proceeding. In no event shall the results of any mediation proceeding be admissible in any arbitration or judicial proceeding.

12.2 Mediation. Mediation proceedings shall be conducted in accordance with the Commercial Mediation Rules of the American Arbitration Association (the “AAA”) in effect on the date the notice of mediation was served, other than as specifically modified herein, and shall be non-binding on the parties thereto.

Any Member may commence a mediation proceeding by serving written notice thereof to the other Members, by mail or otherwise, designating the issue(s) to be mediated and the specific provisions of this Agreement under which such issue(s) and dispute arose. The initiating party shall simultaneously file two copies of the notice with the AAA, along with a copy of this Agreement. A Member may withdraw from the Member Dispute by signing an agreement to be bound by the results of the mediation, to the extent the mediation results are accepted by the other Members as provided herein. A Member who withdraws shall have no further right to participate in the Member Dispute.

The Members shall select one neutral third party AAA mediator (the “Mediator”) with expertise in the area that is in dispute. If a Mediator has not been selected within five (5) business days
thereafter, then a Mediator shall be selected by the AAA in accordance with the Commercial Mediation Rules of the AAA.

The Mediator shall schedule sessions, as necessary, for the presentation by all Members of their respective positions, which, at the option of the Mediator, may be heard by the Mediator jointly or in private, without any other members present. The mediation proceeding shall be held in the city that is the company’s principal place of business or such other place as agreed by the Mediator and all of the Members. The Members may submit to the Mediator, no later than ten (10) business days prior to the first scheduled session, a brief memorandum in support of their position.

*The Mediator shall make written recommendations for settlement in respect of the dispute, including apportionment of the mediator’s fee, within ten (10) business days of the last scheduled session. If any Member involved is not satisfied with the recommendation for settlement, he or she may commence an arbitration proceeding.*

12.3 Arbitration. Arbitration proceedings shall be conducted under the Rules of Commercial Arbitration of the AAA (the “Rules”). A Member may withdraw from the Member Dispute by signing an agreement to be bound by the results of the arbitration. A Member who withdraws shall have no further right to participate in the Member Dispute.

The arbitration panel shall consist of one arbitrator. The Members shall select one neutral third party AAA arbitrator (the “Arbitrator”) with expertise in the area that is in dispute. If an Arbitrator has not been selected within five (5) business days thereafter, then an Arbitrator shall be selected by the AAA in accordance with the Commercial Arbitration Rules of the AAA. The arbitration proceeding shall be held in the city that is the company’s principal place of business or such other place as agreed by the Arbitrator and all of the Members. Any arbitrator who is selected shall disclose promptly to the AAA and to both parties any financial or personal interest the arbitrator may have in the result of the arbitration and/or any other prior or current relationship, or expected or discussed future relationship, with the Members or their representatives. The arbitrator shall promptly conduct proceedings to resolve the dispute in question pursuant to the then existing Rules. To the extent any provisions of the Rules conflict with any provision of this Section, the provisions of this Section shall control.

In any final award and/or order, the arbitrator shall apportion all the costs (other than attorney’s fees which shall be borne by the party incurring such fees) incurred in conducting the arbitration in accordance with what the arbitrator deems just and equitable under the circumstances.

Discovery shall not be permitted in such arbitration except as allowed by the rules of arbitration, or as otherwise agreed to by all the parties of the Member Dispute. Notwithstanding, the Members agree to make available to one another and to the arbitrator, for inspection and photocopying, all documents, books and records, if determined by the arbitration panel to be relevant to the dispute, and by making available to one another and to the arbitration panel personnel directly or indirectly under their control, for testimony during hearings if determined by the arbitration panel to be relevant to the dispute. The Members agree, unless undue hardship exists, to conduct arbitration hearings to the greatest extent possible on consecutive business days and to strictly observe time periods established by the Rules or by the arbitrator for the submission of evidence and of briefs. Unless otherwise agreed to by the Members, a stenographic record of the arbitration proceedings
shall be made and a transcript thereof shall be ordered for each Member, with each party paying an equal portion of the total cost of such recording and transcription.

The arbitrator shall have all powers of law and equity, which it can lawfully assume, necessary to resolve the issues in dispute including, without limiting the generality of the foregoing, making awards of compensatory damages, issuing both prohibitory and mandatory orders in the nature of injunctions and compelling the production of documents and witnesses for presentation at the arbitration hearings on the merits of the case. The arbitration panel shall neither have nor exercise any power to act as amicable compositeur or ex aequo et bono; or to award special, indirect, consequential or punitive damages. The decision of the arbitration panel shall be in written form and state the reasons upon which it is based. The statutory, case law and common law of the State of Florida shall govern in interpreting their respective rights, obligations and liabilities arising out of or related to the transactions provided for or contemplated by this Agreement, including without limitation, the validity, construction and performance of all or any portion of this Agreement, and the applicable remedy for any liability established thereunder, and the amount or method of computation of damages which may be awarded, but such governing law shall not include the law pertaining to conflicts or choice of laws of Florida; provided however, that should the parties refer a dispute arising out of or in connection with an ancillary agreement or an agreement between some or all of the Members which specifically references this Article, then the statutory, case law and common law of the State whose law governs such agreement (except the law pertaining to conflicts or choice of law) shall govern in interpreting the respective rights, obligations and liabilities of the parties arising out of or related to the transactions provided for or contemplated by such agreement, including, without limitation, the validity, construction and performance of all or any portion of such agreement, and the applicable remedy for any liability established thereunder, and the amount or method of computation of damages which may be awarded.

Any action or proceeding subsequent to any Award rendered by the arbitrator in the Member Dispute, including, but not limited to, any action to confirm, vacate, modify, challenge or enforce the arbitrator's decision or award shall be filed in a court of competent jurisdiction in the same county where the arbitration of the Member Dispute was conducted, and Florida law shall apply in any such subsequent action or proceeding.

ARTICLE XIII

MISCELLANEOUS

13.1 Governing Law. This Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Florida, including the Act, without regard to Florida's conflicts of laws principles. The rights and liabilities of the Members shall be determined pursuant to the Act and this Agreement. To the extent that any provision of this Agreement is inconsistent with any provision of the Act, this Agreement shall govern to the extent permitted by the Act.

13.2 Notices. Except as otherwise expressly provided herein, any notice, consent, authorization or other communication to be given hereunder shall be in writing and shall be deemed duly given and received when delivered personally, when transmitted by facsimile if receipt is acknowledged by the addressee, one business day after being deposited for next-day delivery with a nationally recognized overnight delivery service, or three business days after being mailed by first class mail,
charges and postage prepaid, properly addressed to the party to receive such notice at the address set forth in the Company's records.

13.3 Severability. If any provision of this Agreement, or the application of such provision to any Person or circumstance, shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement, or the application of such provision to Persons or circumstances other than those to which it is held to be invalid or unenforceable, shall not be affected thereby.

13.4 Binding Effect. This Agreement shall bind and inure to the benefit of the parties and their respective Successors.

13.5 Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

13.6 Entire Agreement. This Agreement contains the entire agreement of the parties and supersedes all prior or contemporaneous written or oral negotiations, correspondence, understandings and agreements between or among the parties, regarding the subject matter hereof.

13.7 Further Assurances. Each Member shall provide such further information with respect to the Member as the Company may reasonably request, and shall execute such other and further certificates, instruments and other documents, as may be necessary and proper to implement, complete and perfect the transactions contemplated by this Agreement.

13.8 Headings; Gender; Number; References. The headings of the Sections hereof are solely for convenience of reference and are not part of this Agreement. As used herein, each gender includes each other gender, the singular includes the plural and vice versa, as the context may require. All references to Sections and subsections are intended to refer to Sections and subsections of this Agreement, except as otherwise indicated.

13.9 Parties in Interest. Except as expressly provided in the Act, nothing in this Agreement shall confer any rights or remedies under or by reason of this Agreement on any Persons other than the Members and their respective Successors nor shall anything in this Agreement relieve or discharge the obligation or liability of any third Person to any party to this Agreement, nor shall any provision give any third Person any right of subrogation or action over or against any party to this Agreement.

13.10 Amendments. All amendments to this Agreement shall be in writing and signed by all of the Members to the agreement at the time of the amendment.

13.11 Attorneys' Fees. In any dispute between or among the Company and one or more of the Members, including, but not limited to, any Member Dispute, the prevailing party or parties in such dispute shall be entitled to recover from the non-prevailing party or parties all reasonable fees, costs and expenses including, without limitation, attorneys' fees, costs and expenses, all of which shall be deemed to have accrued on the commencement of such action, proceeding or arbitration. Attorneys' fees shall include, without limitation, fees incurred in any post-award or
post-judgment motions or proceedings, contempt proceedings, garnishment, levy, and debtor and third party examinations, discovery, and bankruptcy litigation, and prevailing party shall mean the party that is determined in the arbitration, action or proceeding to have prevailed or who prevails by dismissal, default or otherwise.

13.12 Remedies Cumulative. Subject to Article XII, remedies under this Agreement are cumulative and shall not exclude any other remedies to which any Member may be lawfully entitled.

13.13 Jurisdiction and Venue/Equitable Remedies. The Company and each Member hereby expressly agrees that if, under any circumstances, any dispute or controversy arising out of or relating to or in any way connected with this Agreement shall, notwithstanding Article XII, be the subject of any court action at law or in equity, such action shall be filed exclusively in the courts of the State of Florida or of the United States of America located in the counties of Sarasota or Hillsborough, as selected by the Member that is the plaintiff in the action, or that initiates the proceeding or arbitration. Each Member agrees not to commence any action, suit or other proceeding arising from, relating to, or in connection with this Agreement except in such a court and each Member irrevocably and unconditionally consents and submits to the personal and exclusive jurisdiction of such courts for the purposes of litigating any such action, and hereby grants jurisdiction to such courts and to any appellate courts having jurisdiction over appeals from such courts or review of such proceedings. Because the breach of the provisions of this Section would cause irreparable harm and significant injury to the Company and the other Members, which would be difficult to ascertain and which may not be compensable by damages alone, each Member agrees that the Company and the other Members will have the right to enforce the provisions of this Section by injunction, specific performance or other equitable relief in addition to any and all other remedies available to such party or parties without showing or proving any actual damage to such parties. Members will be entitled to recover all reasonable costs and expenses, including but not limited to all reasonable attorneys' fees, expert and consultants' fees, incurred in connection with the enforcement of this Section.

13.14 Authority. This Agreement constitutes a legal, valid and binding agreement of the Member, enforceable against the Member in accordance with its terms. The Member is empowered and duly authorized to enter into this Agreement (including the power of attorney herein) under every applicable governing document, partnership agreement, trust instrument, pension plan, charter, articles of incorporation, bylaw provision or the like. The Person, if any, signing this Agreement on behalf of the Member is empowered and duly authorized to do so by the governing document or trust instrument, pension plan, charter, articles of incorporation, bylaw provision, board of directors or stockholder resolution or the like.

13.15 Reliance. The Members hereby agree that each Member shall be entitled to rely on the provisions of this Agreement, and that no Member shall be liable to the Company or to any other Member or Members for any action or refusal to act taken in good faith reliance on the terms of this Agreement.
